## Equinox Partners, L.P.

Generated on: June 09, 2025

Past performance is not a guarantee of future results. Any investment in a fund entails a risk of loss, including the entire amount invested. Performance is shown net of management fees, incentive allocations, expenses, and commissions unless otherwise indicated. An investors' performance may differ based on investor class, timing of contributions, withdrawals and participation in new issues. All performance is unaudited and based on valuations prepared by the advisor and is subject to revision. Performance does not reflect the performance of investing in Equinox Partners, L.P. through its feeder fund, Equinox Fund International Ltd., which has different expenses and tax treatment and may result in lower performance than that shown. Potential investors in Equinox Fund International Ltd. should refer to the performance information for that fund. The monthly holding period returns are geometrically linked to derive time-weighted rates of return on a year-to-date and annual basis. The S&P 500 Index (SPX) is a broad based index that includes leading companies in leading industries of the U.S. economy. The indexes are inclusive of reinvested dividends and other earnings, and are provided only for general comparison purposes and differ from the strategy and portfolio of the fund. The indexes do not reflect the deduction of fees and expenses. This summary page is not an offer to sell Equinox Partners, L.P., which can only be offered through the fund's private placement memorandum. Neither this document nor any information contained herein may be distributed in its current or any modified form without the prior written authorization of Equinox Partners Investment Management, LLC.

Top equity long positions as a percentage of period end fund AUM.

Long equity market capitalization in USD and shown as a percentage of only long-equity AUM.

Company holding periods are defined as the time between the open position date and the given reporting date for each company's equity issuance. This analysis includes only long positions.

Positions for which the holding period is 'Not Available' are due to Novus system limitations and have been filtered out. They represent about 1 position (or less) each year.

Company long equity holding periods are defined as the time between the open position date and the given reporting date for each company. This analysis includes only long equity positions..

Equinox Days to Liquidate Analysis	
Days	Percentage
1-30	71%
31-60	8%
61-90	4%
91-180	7%
180+	10%

Analysis as of 03/31/2025. References Bloomberg source data for trailing 90 day average trading volume. There can be no assurance that, particularly in an adverse climate, we would account for one third of the daily trading volume. Analysis presumes 5 trading days out of 7 calendar days. When gross long positions are less than 100% of partners’ capital, cash is included in 0-30 days and defined as fund AUM less the market value of long positions. The analysis reflects the time it would take to sell portions of the overall portfolio based on the incremental liquidity of underlying securities.

Estimated AUM as of reporting date.
